

AN OPEN INVITATION TO THE USC COMMUNITY TO PARTICIPATE IN A FORUM ON THE
FACULTY SENATE'S PROPOSED "USC SUSTAINABILITY 2030 STRATEGY"

presented by the Environmental Student Assembly and Academic Senate

2030

VISION FOR SUSTAINABILITY

The USC Faculty Senate recently released a proposed strategy for making USC a leader in the sustainability field: it can be found at green.usc.edu. This forum aims to give the USC community – students, faculty, staff – an opportunity to express their views on this document, and more broadly on how USC – through our courses, research, operations, facilities, and engagement – can fulfill our responsibility in helping the city, region, and planet deal with the mounting environmental crises.

THURSDAY, APRIL 27
12-2 PM
