

**advises on issues related to the university's enterprise information technology infrastructure, information resources, services, and technologies and technology-related policies with an impact on academic matters, including research and teaching.**

**Disaster Preparedness**

Q. When the big earthquake happens ... Are we ready? What if we can't come to campus?

A. Pilot Virtual Teaching Day

**Virtual Integration**

Q. Do we have many faculty off campus? Do they have what they need? Can they access campus services?

A. Design & Launch Survey

**Educational Technologies**

Q. Are we cutting edge in how we teach with tech? What technology do we have in our current classrooms?

A. Identify Tools & Availability

**VIRTUAL TEACHING DAY PILOT**

*Faculty Concern: Need more preparation teaching with tech*

*Participants  
807 Students  
36 Faculty*

*Student Concern: ability to access quality audio/visual*

*Participants  
165 Remote Faculty  
13 schools  
1168 written comments*

**Platform Used**

■ BB Ultra (17%) ■ BlueJeans (11%)  
■ Zoom (72%)

**GEOGRAPHICALLY DISPERSED FACULTY SURVEY**

*Need consistency with:  
Tech support, access to campus, communication, equipment plans, equity..*

**STANDARDS  
CLARITY  
CONNECTION**

Survey Created & Tested: FA19  
Survey Launch: Feb 1, 2020  
Survey Closed: Feb 17, 2020

**IDENTIFY TOOLS & INCREASE ACCESSIBILITY**

*Accountability: Online Teaching*

*Student Access to Tech*

*Short/Long Term Plans*

**What's Next?**

**Ed Tech used at USC - What does it look like?**

**1** "Now that I know how to Zoom, How can I use it to teach"

**2** Created and distributed survey to IT Leaders (ITC Learning Spaces) physical space baseline

**Special thanks to:**

- Doug Shook for his ongoing leadership.
- Dedicated CIS members.
- Alana Beltzer for her ongoing support.
