ACADEMIC SENATE 1 2 **Resolution 15/16-05** 3 Procedure: 4 1. A motion should be typed or hand-printed. 5 2. A motion should first be offered to the Executive Board for review and advice on editing and parliamentary 6 6 implication. 7 3. If changes are necessary, the motion should be recopied on another form. Amendments may be indicated in the 8 margin or on the reverse of this form. 9 Proposal on Rigor and Transparency in the Conduct of Research at USC 10 WHEREAS, The topic of reproducibility in research has gained progressive attention in both the academic 11 12 community and media in recent years, and 13 14 WHEREAS, This has resulted in a focus on the need for improved rigor and transparency in research while 15 raising concerns regarding investment of significant resources in research that cannot be reproduced, and 16 17 WHEREAS, Although some propose that research that is not reproducible can still be accurate, the concerns 18 regarding irreproducible research are difficult to dispel, and the importance of improving rigor and transparency in research is inescapable, and 19 20 WHEREAS, Funding agencies such as the National Institutes of Health (NIH) and the National Science 21 Foundation (NSF) have brought attention to the matter of reproducibility and changed their policies to 22 23 address it. In addition, scientific journals (including high-profile journals such as Science and Nature) have also taken steps to revise their review and acceptance policies to address this issue, and 24 WHEREAS, Academic centers have an important role to play in fostering an environment of rigorous and 25 26 transparent research, and WHEREAS, USC can be an international leader among academic institutions in assuring rigor and 27 28 transparency in research. 29 Therefore, Be it RESOLVED, That the Academic Senate endorses the report on Rigor and Transparency in 30 the Conduct of Research at USC submitted by the University Research Committee. The Senate recognizes 31 that this report serves as a starting point in addressing a topic that is complex and difficult, but that thoughtful consideration of this topic is vital to raising awareness of the importance of rigor and transparency 32 in conducting research at USC. We also recognize that the recommendations in this report will have different 33 levels of relevance and applicability across different disciplines and types of research, and should not be 34 35 applied in disciplines where they are not warranted. Through this report, we aim to begin to create an innovative institutional framework through which we raise the quality and impact of research produced at 36 USC. By so doing, USC can lead the broader research community in maintaining the public trust in research 37 38 investments and demonstrate that academic research produces results that are novel, impactful, and accurate. 39 Motion by: Executive Board Resolution Number: 15/16-05 40 Date: April 13, 2016 (No second required when moved by committee) 41 To be presented at the Senate meeting on April 20, 2016 42 43 44 Action taken: Resolution passed.
